

CipherShed - Task #12

Write Documentation

08/06/2014 07:18 AM - Eugene Wang

Status:	In Progress	Start date:	08/06/2014
Priority:	Normal	Due date:	
Assignee:	Eugene Wang	% Done:	90%
Category:		Estimated time:	0.00 hour
Target version:	0.7.3	Spent time:	5.00 hours
Description			
<p>It's pretty much standard for any program that can be installed on a unix-like system to have a man page, so much that Debian often creates man pages for programs that don't have one. I've gotten together a pod-formatted man page, which so far looks quite like a man page but might have some mistakes, and probably should have another section detailing requested features and reported bugs. I'm content to go at this project alone, but if anyone wants to help me, they're entirely welcome to do so.</p> <p>Later, I hope to put together a GNU info page that goes into how the program works in greater detail.</p>
