

CipherShed - Feature #121

Support "not" burning CD on encrypting disk operation

08/14/2016 05:44 PM - Jason Pyeron

Status:	New	Start date:	08/14/2016
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
requiring advanced users to burn disks is not good customer service.			
save the boot sector to a remote share, or anywhere else as an advanced option.			
as an expert option no saving should be supported.
