

CipherShed - Bug #126

VS launcher breaks if using multiple VS and the default is not the one for CS

05/12/2018 03:10 PM - Jason Pyeron

Status:	Resolved	Start date:	05/12/2018
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description additionally if the default pathing is not valid it should use a sensible fallback.
