commit c971f78672497546a6c10145f6e06d521cc5c25c
Author: Jason Pyeron <jpyeron@pdinc.us>
Date: Fri Dec 19 09:01:28 2014 -0500

resolves <https://issues.ciphershed.org/issues/30>

used a for loop to generate the ASCII values from 32 to 126 inclusive, added a comment about the non-printing space character
